- 6 Wooden beads
- Wooden picture frame
- 3 Clay sculpting tools
- 3 Tassels
- Black string(15m)

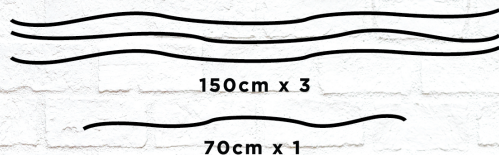

You will need;
Scissors / Hanging Hook or screw

1. CUTTING

You will need to cut your string with a pair of scissors (not included)

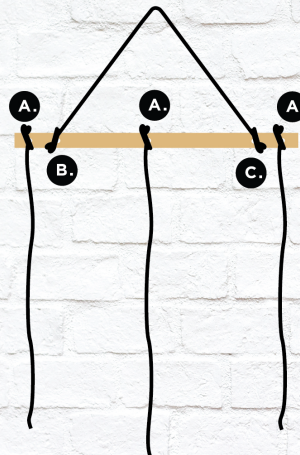

Start by cutting 3 lengths of string (150cm each) using the measuring graphic on the bottom of this page. Also cut a length of 70cm string. These lengths will make a total Photo Wall display 98cm x Width 47cm. You may wish to cut to your own desired lengths.

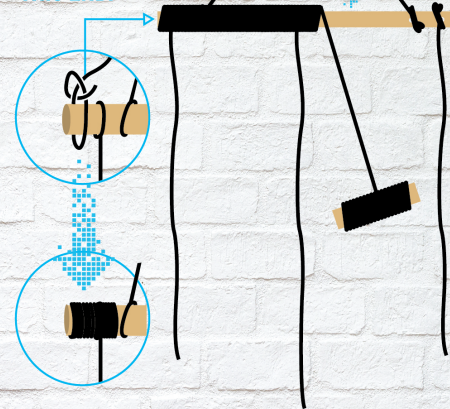

2. THREADING & WRAPPING

A. Carefully thread the 3 x 150cm lengths into the holes on the hanging rod labelled **(A)**. Tie them off with a double knot. Tip: Wet the string ends if they become frayed and hard to thread.

START WRAPPING AFTER TYING A KNOT AT THIS END.

B. Carefully thread the 70cm length cut string into the hole labelled **(B)**, this will form the hanging triangle. Tie it off with a double knot through the other hole labeled **(C)**.

Closely loop the string around the hanging rod from one end to the other. Ensure the existing lengths of string are left out and uncovered as above. Cut off any excess string and tuck in the ends.

3. CLAY SHAPES

Find a large plate to work your clay on. Open your bag of clay and roll out 6 round portions. Keep your clay on a flat surface

Tip: The clay will start to dry within minutes of being removed from its bag.

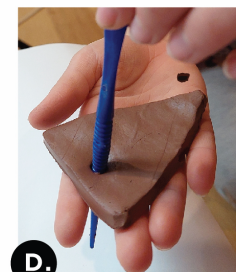

Using the inside card roll from the black string, roll out the clay portions into round discs. The discs should be around 10cm in diameter.

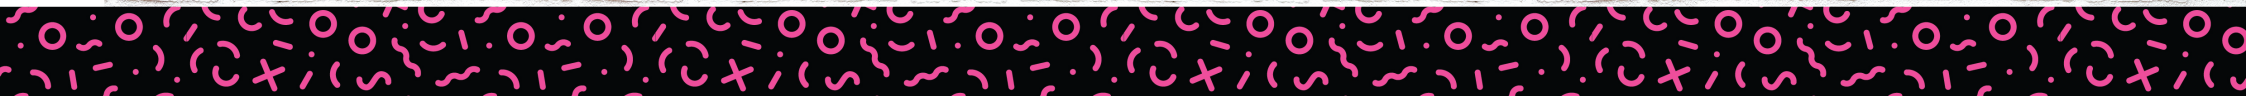

Choose a clay tool and cut your discs into any shapes you like. Refer to the final image over the page for clay shape inspirations.

Use the edging on one of your tools to create some patterns on your clay shapes.

Poke 2 holes in the shapes with your pointy tool to allow the string to pass through. Allow 24hrs to dry or until it feels dry

4. LET'S BUILD IT!

IT'S A GOOD IDEA TO PLAN AHEAD AND THINK ABOUT WHERE YOU WANT TO CONNECT YOUR DECORATIONS BEFORE TYING OFF THE KNOTS. THIS IS ONLY AN EXAMPLE OF HOW YOU COULD LAY EVERYTHING OUT, YOU CAN DESIGN YOUR PHOTO WALL ANY WAY YOU LIKE.

WOODEN ICONS.

Choose your fave icons and thread the string through the two holes to fasten them in place.
